

# **BACHELOR OF TECHNOLOGY MANAGEMENT (SUPPLY CHAIN MANAGEMENT AND LOGISTIC) WITH HONOURS (BTMS)**

## Foreword BY THE DEAN

I want to welcome you to the Faculty of Technology Management and Technopreneurship (FPTT)! Our faculty offers innovative, dynamic, and MQA-accredited academic programs. FPTT is committed to the success of each individual student. We are committed to prepare each student to become successful business leaders in a corporation or their own business. We recognise that business leaders must have technical knowledge, critical thinking skills and be able to communicate ideas in a collaborative environment. In FPTT, you will find your fellow students deeply involved in carefully structured coursework, professional development opportunities like industrial internships, and meaningful hands-on opportunities outside the classroom such as through business/entrepreneurial events and programs that are organised by student associations. Our curriculum puts theory into practice, providing students with the confidence, skills, and experiences to embark successful careers or business ventures.

FPTT has talented and vibrant faculty members who are dedicated to excellence in their teaching and learning, research activities, and community service responsibilities. The teaching and learning activities in FPTT are designed to help students discover their unique abilities to accelerate their success.

FPTT believes in educating tomorrow's leaders while creating new knowledge that will shape the future. In FPTT, our main focus is: Technopreneurship and

Innovation. One important factor is the increasing recognition that entrepreneurship improves lives. Now, more than ever, entrepreneurship is essential to economic growth, job creation, and wealth creation. FPTT has strength in educating student entrepreneurs to launch their new ventures. Our forte in entrepreneurship is related to our understanding and promotion of innovation. All business leaders—whether in new ventures or existing organizations—must identify important opportunities and develop creative solutions to complex problems. At FPTT, we instil in emerging leaders the ability to innovate, a tolerance for risk and change, and methods to identify and evaluate business opportunities.

We are really honoured to have you as part of the FPTT family. Cherish each moment that you have with us and together, let us make your dream work. We are so very pleased to welcome you to our faculty and campus!

Associate Professor Dr. Juhaini Jabar  
**Dean**  
**Faculty of Technology Management  
and Technopreneurship**

# *Vision & Mission* **UTeM**

## **VISION**

To be one of the world's leading innovative and creative technical universities.

## **MISSION**

UTeM determined to lead and contribute to the wellbeing of the country and the world by:

- Promoting knowledge through innovative teaching and learning, research and technical scholarship;
- Developing professional leaders with impeccable moral values;
- Generating sustainable development through smart partnership with the community and industry.

# Introduction To

## FACULTY OF TECHNOLOGY MANAGEMENT AND TECHNOPRENEURSHIP

*Universiti Teknikal Malaysia Melaka (UTeM)*, which was incorporated in December 2000, is the 14<sup>th</sup> Institution of Higher Learning (IHL) in Malaysia. The Faculty of Technology Management & Technopreneurship (FPTT) was established on 19<sup>th</sup> March 2009 and has since started its operations at the City Campus, in the heart of the World Heritage City of Historic Melaka.

FPTT has indeed created history for being the sixth faculty to offer programmes at Bachelor Degree level in UTeM. With its establishment, the faculty integrates a technology and business approach in enhancing the knowledge and skills of human capital. The FPTT curriculum was developed to address issues and challenges in managing the force of globalization, rapid pace of technological changes, market and competition, product complexity, pressure of production cost, highcost and risk of research and development, government regulations and market diversity.

Thus, FPTT plays a vital role in creating professionals at technology-oriented companies, employees at large firms, founders of start-ups with knowledge in the areas of technology management and technopreneurship. By diversifying the courses into both functional and practice-based, graduates will be competent with the skills in technical marketing, managing technical human resources, managing innovation, leadership and communication.

## GRADING SYSTEM

Table 1 shows the grading system adopted by the university.

<b>MARKS</b>	<b>GRADE</b>	<b>GRADE POINT</b>	<b>STATUS</b>
80 - 100	A	4.0	Excellent
75 - 79	A-	3.7	Excellent
70 - 74	B+	3.3	Honors
65 - 69	B	3.0	Honors
60 - 64	B-	2.7	Honors
55 - 59	C+	2.3	Pass
50 - 54	C	2.0	Pass
47 - 49	C-	1.7	Conditional Pass
44 - 46	D+	1.3	Conditional Pass
40 - 43	D	1.0	Conditional Pass
00 - 39	E	0.0	Fail

Table 1: Grading System Schedule

## ACADEMIC ACHIEVEMENT

### Grade Point Average Calculation

Grade Point Average (GPA) is a grade point average earned by a student in a semester. It is calculated as below:

$$\text{Total Grade Point (TGP)} = k_1m_1 + k_2m_2 + \dots + k_nm_n$$

$$\text{Total Calculated Credit (TCC)} = k_1 + k_2 + \dots + k_n$$

$$\text{Grade Point Average (GPA)} = \frac{\text{Total Grade Point}}{\text{Total Calculated Credit}}$$

where

$k$  = Credit hours for subject

$m$  = Grade points earned for subject

$n$  = Number of subjects registered in the semester

### Cumulative Grade Point Average Calculation

Cumulative Grade Point Average (CGPA) is a grade point average earned by a student inclusive all semesters he/she registers. It is calculated as below:

$$\text{CGPA} = \frac{(TGP)_1 + (TGP)_2 + \dots + (TGP)_n}{(TCC)_1 + (TCC)_2 + \dots + (TCC)_n}$$

where

$TGP$  = Total grade point earned in semester

$TCC$  = Total calculated credit in semester

$n$  = Total semester registered

## ACADEMIC STATUS

The academic status for each student is determined by the examination results obtained at the end of every semester. The status is categorized as:

ACADEMIC STATUS	CGPA
Good Standing/Kedudukan Baik (KB)	$\text{CGPA} \geq 2.00$
Conditional Status/Kedudukan Bersyarat (KS)	$1.70 \leq \text{CGPA} < 2.00$
Fail/Kedudukan Gagal (KG)	$\text{CGPA} < 1.70$

## PROGRAM OVERVIEW

Supply chain management and logistics are the basis of the operation of an organization that crosses various industries. Therefore, this program aims to produce graduates equipped with the knowledge and core competencies required for effective supply chain management and logistics in the local business environment and international trade. The program applied is relevant to the National Key Result Areas (NKEA) which is the content of communication and infrastructure. This is based on course content that provides a solid platform for graduates in terms of knowledge and basic skills in technology management.

## CAREER PROSPECT

Graduates may find positions in a wide range of supply chain and logistics area such as transportation management. Graduates can be hired as shipping manager, fleet manager and transport manager. Moreover, BTMS graduates have high potential to be appointed as supply chain analyst, supply chain consultant, incoming and outgoing inspector, vendor development executive and distribution executive

## CURRICULUM STRUCTURE **BTMS**

SEMESTER 1				
CODE	SUBJECT	CREDIT	CATEGORY	RESULT
BLHW 1762	Philosophy and Current Issues	2	W
